

CURRICULUM VITAE

PERSONAL

Name: SCHAPOSNIK, Fidel Arturo
Born: December 14, 1947 in La Plata, Argentina
Nationality: Argentina
Argentine Passport number: 7328348

Mailing address: Depto. de Física - Universidad Nacional de La Plata
C.C.No 67
1900 La Plata, Argentina

PRESENT POSITIONS

Professor (*Profesor Titular*), Universidad Nacional de La Plata, Argentina
Researcher (*Investigador Superior*) Comisión de Investigaciones Científicas Buenos Aires, Argentina

EDUCATION

Undergraduate studies

Universidad Nacional de La Plata, Argentina
Major Field: Physics
1966-1970
Degree: Master in Science (*Licenciado en Física*). 1970

Graduate studies

Universidad Nacional de La Plata, Argentina
Major field: Theoretical Physics
1970-1973
Degree: PhD (*Doctor en Física*). 1973

DISTINCTIONS

Golden Medal, La Plata University
(*Best Graduate Student, 1973*)

B.Houssay Prize, Argentina's National Research Council (CONICET)
(*A prize to 100 Argentinian scientists, 1987*)

T.Isnardi Prize, Argentina's Academy of Science
(*Award in Physics, 1996*)
1990

John Simon Guggenheim Foundation, USA
Fellow,
La Plata University, Argentina.
1992-1993.

FELLOWSHIPS

Consejo Nacional de Investigaciones Científicas y Técnicas
(CONICET), Argentina.
Research fellowship at La Plata University, Argentina.
1971-1974.

Consejo Nacional de Investigaciones Científicas y Técnicas
(CONICET), Argentina.

Post-doctoral fellowship at the Laboratoire de Physique Théorique,
Ecole Normale Supérieure de Paris, France.

1975-1978

Joliot-Curie Foundation, France.

Research fellowship at the Laboratoire de Physique Théorique,
Ecole Normale Supérieure de Paris, France.

January-March 1976.

Joliot-Curie Foundation, France.

Research fellowship at the Laboratoire de Physique Théorique et Hautes Energies,
Université de Paris 11, France.

1977-1978

Antorchas Foundation, Argentina.

Research fellowship at the Laboratoire de Physique Théorique et Hautes Energies,
Université de Paris 6-7, France.

POSITIONS HELD IN HIGHER EDUCATION

Teaching Assistant (Ayudante Diplomado)

Physics Department, La Plata University, Argentina.

1970-1974

Assistant Professor (Jefe de Trabajos Prácticos)

Physics Department, La Plata University, Argentina.

1974.

Associate Professor (Profesor Adjunto)

Physics Department, La Plata University, Argentina.

1980-1985.

Visiting Professor (Professeur Associé)

Université Pierre et Marie Curie (Paris 6), France.

1985-1986.

Professor (Profesor Titular)

Physics Department, La Plata University, Argentina.

1986-present.

RESEARCH POSITIONS HELD

Visiting Scientist (Attaché de recherche).

Centre Nationale de la Recherche Scientifique, France.

Laboratoire de Physique Théorique et Hautes Energies,

Université de Paris 11, France.

1976-1977

Researcher (Investigador Independiente).

Comisión de Investigaciones Científicas de la Provincia de Buenos Aires, Argentina.

Physics Department. La Plata University, Argentina.

1978-1987.

Visiting Scientist (Chargé de recherche).

Centre Nationale de la Recherche Scientifique, France.

Laboratoire de Physique Théorique et Hautes Energies,

Université de Paris 6, France.

1981-1982.

Researcher (Investigador Principal).
Comisión de Investigaciones Científicas de la Provincia de Buenos Aires, Argentina.
Physics Department. La Plata University, Argentina.
1987-1995.

Associate Member
International Centre for Theoretical Physics, Trieste, Italy.
1988-1994.

Visiting scientists
Laboratoire de Physique Théorique et Hautes Energies,
Université de Paris 6-7, France.
1990.

Researcher (Investigador Superior).
Comisión de Investigaciones Científicas de la Provincia de Buenos Aires, Argentina.
Physics Department. La Plata University, Argentina.
1995-present.

Visiting Scientist
Laboratoire de Physique de Particules,
Annecy, France.
1995-1996.

M.Sc. THESIS ADVISER

Advisor for M.Trobo Thesis for the MSc degree (Trabajo de Diploma).
La Plata University, Argentina.
Presented: November 1984.

Advisor for V.Manías Thesis for the MSc degree (Trabajo de Diploma).
La Plata University, Argentina.
Presented: November 1984.

Advisor for G.Lozano Thesis for the MSc degree (Trabajo de Diploma).
La Plata University, Argentina.
Presented: December 1987.

Advisor for D.Cabra Thesis for the MSc degree (Trabajo de Diploma).
La Plata University, Argentina.
Presented: March 1988.

Advisor for L.Cugliandolo Thesis for the MSc degree.
La Plata and Mar del Plata University, Argentina.
Presented: May 1988.

Advisor for C.Núñez Thesis for the MSc degree.
Buenos Aires University, Argentina.
Period: 1992-1994
Presented: November 1994

Advisor for N.Grandi Thesis for the MSc degree (UNLP)
Aprobado: Diciembre 1998. (UNLP).

[8] R.Pakman. (UNLP)
Aprobado: Mayo 1999. (UNLP).

[9] A.Medina. (UNLP)
Aprobado: Junio 2003. (UNLP) (UNLP).

[10] M.Rodríguez.

F.A.Schaposnik

Aprobado: Agosto 2003. (UNLP)

[11] L.Aldrovandi.

Aprobado: Noviembre 2004. (UBA).

[12] D. Marqués.

Aprobado: Marzo 2006. (UBA).

[13] D. Slobinsky.

Aprobado: Marzo 2006. (UNLP).

[14] L. Cieri.

Aprobado: Marzo 2007. (UBA).

[15] P. Fernández.

Aprobado: Marzo 2008. (UBA).

[16] Juan Manuel Prez Ipiña

En curso desde marzo 2017. (UBA).

Ph.D. THESIS ADVISOR

Adviser for H.Falomir PhD Thesis

La Plata University, Argentina.

Period: 1978-1980

Presented: December 1980.

Adviser for C.Naón PhD Thesis

La Plata University, Argentina.

Period: 1983-1986

Presented: July 1986.

Adviser for M.Trobo PhD Thesis

La Plata University, Argentina.

Period: 1985-1989

Presented: April 1989.

Adviser for H.Montani PhD Thesis

La Plata University, Argentina.

Period: 1987-1989

Presented: June 1989.

Adviser for M.V.Manías PhD Thesis

La Plata University, Argentina.

Period: 1985-1989

Presented: August 1989.

Adviser for M.C.von Reichenbach PhD Thesis

(Co-adviser: E.Fradkin)

La Plata University, Argentina.

Period: 1985-1990

Presented: July 1990.

Adviser for E.Moreno PhD Thesis
La Plata University, Argentina.
Period: 1987-1990
Presented: August 1990.

Adviser for G.Lozano PhD Thesis
La Plata University, Argentina.
Period: 1988-1991
Presented: February 1991.

Adviser for L.Cugliandolo PhD Thesis
La Plata University, Argentina.
Period: 1988-1991
Presented: March 1991.

Adviser for D.Cabra PhD Thesis
La Plata University, Argentina.
Period: 1988-1992
Presented: December 1992

Adviser for G.Rossini PhD Thesis
La Plata University, Argentina.
Period: 1991-1993
Presented: June 1993

Adviser for J.Edelstein PhD Thesis
La Plata University, Argentina.
Period: 1992-1996
Presented: October 1996

Adviser for C.Núñez PhD Thesis
Buenos Aires University, Argentina.
Period: 1994-present
Presented:

Adviser for S.Gonorazky PhD Thesis
La Plata University, Argentina.
Period: 1997-present
Presented:

Adviser for G.Silva PhD Thesis
Buenos Aires University, Argentina.
Period: 1994-present
Presented:

DIRECTION OF RESEARCHERS

C.Naon, Associate researcher CONICET
1992-1995.

M.Trobo, Assistant researcher CONICET
1992-present.

M.V.Manías, Assistant researcher CONICET
1992- present.

M.C.von Reichenbach, Assistant researcher CONICET
1993-present.

G.Rossini, Assistant researcher CONICET
1994-present.

F.A.Schaposnik

D.Cabra, Assistant researcher CONICET
1995-present

M.Grynberg, Assistant researcher CONICET
1997-present

Annals of Physics (N.Y.) **251** (1996) 426
J.C.Le Guillou, C.Núñez, F.A.Schaposnik
- [96] On the Electric Charge of Monopoles at Finite Temperature
Physics Letters **B386** (1996) 339.
J.C.Le Guillou, F.A.Schaposnik

- [97] Bosonization of Vector and Axial-Vector currents in $3 + 1$ dimensions.
Physics Letters **B391** (1997) 136
C.D.Fosco, F.A.Schaposnik
- [98] Multiflavor correlation functions in non-Abelian gauge theories at finite fermion density in two dimensions
Physical Review **D55** (1997) 4920
H.Christiansen, F.A. Schaposnik
- [99] Non-abelian bosonization in two and three dimensions
Nuclear Physics **B484** (1997) 682
J.C.Le Guillou, E.Moreno, C.Núñez, F.A.Schaposnik
- [100] On three dimensional bosonization.
Physics Letters **B409** (1997) 257
J.C.Le Guillou, E.Moreno, C.Núñez, F.A.Schaposnik
- [101] Induced Parity Breaking Term at Finite Temperature
Physical Review Letters **79** (1997) 1980
C.D.Fosco, G.Rossini, F.A.Schaposnik
- [102] Abelian and Non-Abelian Induced Parity Breaking Terms at Finite Temperature
Physical Review **D** (1997) In press
C.D.Fosco, G.Rossini, F.A.Schaposnik
- [103] Duality between topologically massive and self-dual models
Modern Physics Letters **A** (1997) In press
J.C.Le Guillou, E.Moreno, C.Núñez, F.A.Schaposnik

CONTRIBUTIONS IN BOOKS

- [1] A Classical Vortex Solution of the Abelian Higgs Model.
(*Reprint of work [7] in the list of publications, selected by the editors*)
Solitons and Particles, eds. C.Rebbi, G.Soliani.
World Scientific Pub.Co., Singapore, 1984.
- [2] Chiral Symmetry in the Path-Integral Approach.
(*Lecture notes at the IV Brazilian School of Physics J.A.Swieca, Sao Paulo, 1987*)
Particles and Fields , eds. A.da Silva, R.Shellard.
World Scientific Pub.Co., Singapore, 1987.
- [3] Symmetries and Fermion Models in the Path-Integral Approach.
(*Lecture notes at the Latin American School of Physics (ELAF), La Plata, 1987*)
Connections in Particle Physics, Nuclear Physics and Condensed Matter,
eds. J.J.Giambiagi et al.
World Scientific Pub.Co., Singapore, 1988.
- [4] Symmetries and Anomalies in Fermionic Models.
(*Lecture Notes at the II Meeting on Quantum Mechanics of Fundamental Systems, Santiago de Chile, 1987*)
Quantum Mechanics of Fundamental Systems II, eds. C.Teitelboim, J.Zanelli.
Plenum Press, London, 1988.
- [5] Topological Field Theories and 2-Dimensional Instantons.
(*Talk at the V Brazilian School of Physics J.A.Swieca, Campos do Jordao, 1989*)
Particles and Fields , eds. O.Eboli et al.
World Scientific Pub.Co., Singapore, 1989.

- [6] Topological Quantum Field Theories.
(*Lecture Notes at the III Meeting on Quantum Mechanics of Fundamental Systems, Santiago de Chile, 1990*)
Quantum Mechanics of Fundamental Systems III, eds. C.Teitelboim, J.Zanelli.
Plenum Press, London, 1992.
- [7] Vortices in curved spacetimes.
Particles and Fields, eds. O.Eboli and V.Rivelles.
World Sci, 1994. (Col. J.Edelstein, G. Lozano)
- [8] Fermion Coset Models as Topological Models.
Particles and Fields, eds. O.Eboli and V.Rivelles.
World Sci, 1994. (Col. G.Rossini)
- [9] Bosonization and Chern-Simons Systems.
(*Lecture Notes at the VI Meeting on Quantum Mechanics of Fundamental Systems, Santiago de Chile, 1997*)
Quantum Mechanics of Fundamental Systems VI, eds. C.Teitelboim, J.Zanelli.
Plenum Press, London, 1997.
- [10] Bosonization in $d > 2$ dimensions.
Trends in Theoretical Physics
eds. H.Falomir et al
American Institute of Physics, 1997.

EDITED BOOKS

- [1] J.J.Giambiagi Festschrift
eds. H.Falomir, R.E.Gamboa Saraví, F.A.Schaposnik
World Sci, 1990.
- [1] Trends in Theoretical Physics
eds. H.Falomir, R.E.Gamboa Saraví, F.A.Schaposnik
American Inst.Phys., 1997.

REFEREE WORK

Referee of the following journals:

Physical Review D
Physical Review Letters
Journal of Mathematical Physics
Revista Brasileira de Fisica
International Journal of Modern Physics A
Modern Physics Letters A
Nuclear Physics B
Journal of Physics A and G
Physics Letters B
Classical and Quantum Gravity
Annals of Physics

SEMINARS

- [1] Instantons and Confinement in the Abelian Higgs Model.
Workshop on Solitons, Salerno, Italy, July 1977.
- [2] Monopole Solutions in Yang-Mills Theories.
Istituto di Fisica Teorica, Univ. di Napoli, Italy, July 1977.
- [3] Pseudoparticules et Confinement.
Univ.Paris 11, France, January 1978.
- [4] Problemas de Gribov.
Centro Brasileiro de Pesquisas Fisicas, Rio de Janeiro, Brazil, September 1978.
- [5] Vórtices en el Modelo Abeliano de Higgs.
Pontificia Univ.Catolica do Rio de Janeiro, Brazil, September 1978.
- [6] Ambigüedades de Gribov.
Centro Atómico de Bariloche, Argentina, January 1979.
- [7] Singularidades y Topología en teorías de gauge.
Centro Brasileiro de Pesquisas Fisicas, Rio de Janeiro, Brazil, February 1979.
- [8] Avances en teorías de gauge en la red.
Instituto Rocasolano, Madrid, España, February 1980.
- [9] Lagrangiano efectivo y vacío no-trivial en teorías de gauge.
Instituto Rocasolano, Madrid, España, February 1980.
- [10] Avances en teorías de gauge en la red.
Centro Brasileiro de Pesquisas Fisicas, Rio de Janeiro, Brazil, February 1980.
- [11] Fuerzas elementales y teorías de gauge.
Comisión Nacional de Energía Atómica, Buenos Aires, Argentina, June 1980.
- [12] Chromodinamique Quantique à 2 dimensions et Intégrale Fonctionnelle.
Ecole Normale Supérieure de Paris, France, April 1981.
- [12] Modèles à 2 dimensions et leur formulation avec l'intégration fonctionnelle.
Centre de Physique Théorique de Luminy, Marseille, France, March 1982.
- [13] Modelos en 2 dimensiones e Integral Funcional.
Centro Brasileiro de Pesquisas Fisicas, Rio de Janeiro, Brazil, August 1982.
- [14] Modelos fermiónicos en dos dimensiones.
Centro Atómico de Bariloche, Argentina, December 1982.
- [15] Integral Funcional e Inconsistencia de una teoría de gauge $SU(2)$.
Centro Atómico de Bariloche, Argentina, December 1982.
- [16] Anomalies Quirales et Intégrale Fonctionnelle.
Univ. Paris 6, France, October 1983.
- [17] Anomalías Quirales, funcional de Wess-Zumino y QCD_2 .
Centro Brasileiro de Pesquisas Fisicas, Rio de Janeiro, Brazil, February 1984.
- [18] Corrientes Fermiónicas y funcional de Wess-Zumino.
Pontificia Universidad Católica de Chile, Santiago de Chile, December 1984.
- [19] Corrientes clásicas conservadas y anomalías cuánticas.
Universidad Técnica Federico Santa María, Valparaíso, Chile, December 1984.
- [20] Vórtices Superconductores y formación de galaxias.
Comisión Nacional de Energía Atómica, Buenos Aires, August 1985.
- [21] Vortex and Vortidions in non-Abelian gauge theories with Chern-Simons Terms.
Univ. Paris 6, France, April 1986.
- [22] Current Algebra in 2-dimensional fermion models.
Univ. Paris 11, France, December 1986.
- [23] Cuantificación de modelos quirales.
Pontificia Universidad Católica de Chile, Santiago de Chile, December 1986.
- [24] Chiral symmetry in the path-integral approach.
Centro Brasileiro de Pesquisas Fisicas, Rio de Janeiro, Brazil, December 1986.
- [25] Charged Vortices: and explicit solution, its properties and relevance as cosmic strings.
Encuentro Latinoamericano de Física de Alta Energías, Valparaíso, Chile. December 1987.

- [26] Modelos Topológicos.
Centro Brasileiro de Pesquisas Físicas, Rio de Janeiro, Brazil, July 1989.
- [27] Topological Theories and 2-Dimensional Instantons.
Institute of Theoretical Physics, Univ. of Minnesota USA, October 1989.
- [28] Some aspects on Topological Field Theories.
Physics Department. University of Illinois at Urbana Champaign, USA, November 1990.
- [29] Compact Quantum Electrodynamics with Chern-Simons term: deconfinement.
Institut de Physique Nucléaire. Orsay, France, June 1991.
- [30] Deconfinement in Compact QED_3 with Chern-Simons term.
Instituto Argentino de Física y Astrofísica. Buenos Aires, , Argentina. September 1991.
- [31] Introduction to Topological Field Theories.
Instituto de Física de Rosario, Argentina. October 1991.
- [32] Monopoles and QED_3 with Chern-Simons term.
Instituto de Física de Rosario, Argentina. October 1991.
- [33] Modelos fermiónicos del Coset como Modelos Topológicos.
Universidad Federico Santa María de Valparaíso, Chile, July 1992.
- [34] Deconfinement in Chern-Simons Theory.
University of Cape Town, Southafrica, November 1992.
- [35] 5 Lectures on Topological Field Theories.
University of Stellenbosch, Southafrica, November 1992.
- [36] 2 Dimensional Fermionic Models as Topological Models
Massachusetts Institute of Technology, USA, February 1993.
- [37] 2 Dimensional Fermionic Models as Topological Models
Physics Department. Univ. of Illinois at Urbana Champaign, USA, February 1993.
- [38] Teoría de Chern-Simons a temperatura Finita
Invited talk in the Anual meeting of the Argentina's Physical Association, Córdoba, October 1994.
- [39] Bosonization in $2 + 1$ dimensions
Centro Brasileiro de Pesquisas Físicas, Rio de Janeiro, July 1995.
- [40] Selfduality and Supersymmetry
Centro Brasileiro de Pesquisas Físicas, Rio de Janeiro, July 1995.
- [41] Bosonisation à 3 dimensions
Laboratoire de Physique Théorique d'Annecy, France, March 1996.
- [42] Bosonisation à 3 dimensions
Laboratoire de Physique Théorique de l'Ecole Normale de Lyon, Lyon, France, March 1996.
- [43] Bosonization and Chern-Simons Models
Centro Brasileiro de Pesquisas Físicas, Rio de Janeiro, July 1996.
- [44] Bosonization in $d > 2$ dimensions
Trends in Theoretical Physics Meeting, La Plata, April 1997
- [45] Fermion Models and Chern-Simons Systems in $2 + 1$ dimensions
VI Meeting on Quantum Mechanics of Fundamental Systems, Chile, September 1997
- [46] Planar fermions at Finite Temperature
TMR Meeting, Santiago de Compostela, Spain, September 1997.

GRANTS

Grants from Buenos Aires Scientific Research Commission (CICBA), 1984, 1996, 1997
Grants from the Argentina's National Research Council (CONICET), 1984, 1988-1997
Grants for international collaboration CONICET (Argentina)- NSF (USA), 1990-1992
Grants for international collaboration CONICET (Argentina)-CNPq (Brasil), 1986, 1990
Grants for international collaboration CONICET (Argentina)-CNRS (France), 1988, 1990
Grants for international collaboration Antorchas Foundation(Argentina) Andes Foundation (Chile) 1991-1996
Grant for international collaboration Antorchas (Argentina)- NSF (USA) 1995
Grant for international collaboration from the European Community with CERN and Sgo. de Compostela 1994-1997
Grants from Antorchas Foundation, 1992, 1995, 1996
Grants from Universidad Nacional de La Plata, 1994 - 1997
